2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

It is the mission of Alvina Elementary Charter School to recognize the value and spirit of each and every one of our students. With complete dedication, it is our goal to:

- Promote Academic Student Success.
- Recognize the Value of Each Child.
- Inspire a Partnership with the Home.
- Develop Student Learning to its Fullest Potential.
- Enable Students to Develop A Love For Learning.

2025-26 School Description and Mission Statement

Alvina Elementary Charter School is a small single-school charter district, serving a farming community, and located approximately 10 miles south of Fresno. Our name is reportedly derived from the two major crops grown near the original school site, alfalfa and vineyards. The Alvina District was established in 1912. We became a feeder school to Caruthers High School in 1914. Our present school site was erected in 1955. We converted to charter school district status in August 2000. We believe that our isolation from neighboring residential and commercial activities promotes our sense of school community, provides an atmosphere where teachers and students feel safe and comfortable, and fosters pride in our school grounds and buildings.

We provide educational services to students enrolled in transitional kindergarten through eighth grade. We have eleven certificated teachers on staff as well as twelve instructional aides, and five support staff members. We pride ourselves on our student to staff member ratio. It is our goal to maintain our small classroom averages.

Our goal at Alvina Elementary Charter School, in partnership with our community, is to deepen student knowledge, develop a strong sense of core ethical values, and to provide students with the skills needed to become lifelong learners. We maintain our focus on our students' academic development, and we strive to help each student grow emotionally, physically, and socially.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Alvina Elementary School ensures that sufficient and current textbooks are available to support the school's instructional program as well as provide students with their own textbooks for use in the classroom and to take home. Textbooks and instructional materials used within the school are aligned with the State Content Standards and Frameworks. We follow the State instructional materials adoption cycle, which allows for review and selection in each curricular area within a seven-year cycle. The textbook adoption process begins with a teacher assessment of the textbook on the State-adopted list. Publishers are frequently invited to make presentations to teachers and the Administration. The teachers and administration discuss the quality of the materials in meeting educational standards. To conclude the process, the superintendent submits a recommendation to the Board of Trustees for adoption.

All textbooks and instructional materials within the school are aligned with the California State Content Standards and Frameworks. Each pupil has access to his or her own copy of the Standards-aligned textbooks (approved by the State Board of Education) and instructional materials in the core curriculum areas required by the Williams vs. State of California Settlement.

School Facility Conditions and Planned Improvements

Our two main buildings—which house four student restrooms, an office and administrative area, and six classrooms—were constructed in 1955. These two main buildings underwent reconstruction during the summer of 1994. Additionally, our multipurpose cafeteria/kitchen area was constructed in 1955. Since 1992, we have added a portable administration building and six portable buildings, which include: one county-operated Special Education class, staff resource room, a library/computer lab, and four classrooms. The Board, administration, staff, and custodians take great pride in maintaining our facility. We employ two full-time custodians and one part-time custodian to maintain our school building and grounds. Great care is taken to ensure litter-free grounds, clean sidewalks, groomed lawns, trees and flowerbeds, exterior paint, and interior spaces.

Our site is connected to the Internet via the Fresno County Office of Education, and all classrooms have high-speed Internet access and are maintained by South County Support Services. Our site is handicap accessible. The school library has approximately 3,500 volumes.

We have begun to completely overhaul our library by weeding out old, outdated, and obsolete titles and by adding new books and reference materials.

Alvina Charter Elementary School District provides a safe, clean environment for students, staff, visitors, and volunteers. School facilities such as buildings, grounds, and restrooms are cleaned and maintained according to an established schedule. Facilities are inspected on a regular basis. The school is in compliance with laws, rules, and regulations pertaining to facility upkeep. Facilities are in excellent condition. There are no major repairs needed at this time.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3—Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parents are encouraged to be active partners in their children's education. Our parents support the school in many ways, including:

- Volunteering in the classrooms
- Serving on the School Site Council / Parent Advisory Committee / ELAC
- Participating as a room parent
- Assisting with school activities and fundraisers
- Providing support for extracurricular activities

Parents also demonstrate involvement at school by supporting the daily homework policy, and by attending parent conferences, Back-to-School Night, Open House, the Winter Program, the Spring Concert and other school activities.

For more information on how to become involved, contact Lucy Ferrer at (559) 864-9411.

2025-26 School Safety Plan

Our School Safety Plan describes procedures for ensuring student and staff safety. The safety of students and staff is a primary concern for us. This plan is reviewed on an annual basis in an effort to promote an atmosphere conducive to safety and learning. The plan was most recently updated and reviewed by the staff on February 20, 2025.

The plan is available in the school office for parent review. Copies have been distributed to all staff members for their reference and review. Our plan includes many aspects of safety from procedures in a natural disaster to intruders on campus. The school's Disaster Preparedness Plan includes steps for ensuring the safety for all during an emergency. Fire and Earthquake drills are conducted each month and school preparedness procedures are reviewed at least once each trimester, as well.

Visitors are required to adhere to the following procedures:

- Sign in at the office
- Wait for secretary to direct person to designated location
- Do not confront teacher or interrupt class during instructional time

Designated staff members keep current on CPR/first aid procedures and are certified by the Red Cross on an annual basis.

Students are kept safe by an adequately fenced schoolyard. Our facility is bordered on three sides by grapevines, therefore allowing supervision staff to see any approaching vehicles and/or persons. Our campus has two entrances, one located near the front office and the other for staff parking. Students are under constant supervision during recess and break times. Student-to-adult ratio during these times is about 20 to 1.

Professional Development

Alvina Elementary Charter School strongly supports a quality instructional program. The curriculum is continually assessed and aligned with State Frameworks for all subject areas. There is a high interest in professional growth as evidenced by staff members attending in-services and workshops. The administration strongly believes in shared decision-making, which is manifested at teachers' meetings and through informal discussions. Leadership and responsibility are shared among all staff members. The members of the Board of Trustees have consistently supported the staff and administration in their endeavors to maintain quality instruction and an atmosphere conducive to learning through a staff development program.

Our teachers are contracted for 186 days each school year. Over the past few years the teachers have had the opportunity to attend a variety of different professional development trainings including: Smarter Balanced Assessment Consortium Trainings, FCOE Common Core Academy, Kagan Cooperative Learning Structure, Phase 1 and 2 English Language Arts for Common Core, Amplify Publisher Training, Bridges Publisher Trainings, FCOE Google Trainings, AIMS Math Partnership as well as, the California Reading Conference, numerous mathematical conferences, and a host of other professional development activities. For the previous three school years, a minimum of three days were dedicated to staff and professional development for each teacher and at times upwards of six trainings have been provided for an individual teacher in that same time frame. Teacher's may be provided with professional development based on classroom or school-wide need. The administration supports and encourages teachers to focus on individual professional development as well, by presenting ideas for trainings first to their cluster groups, and then to administration. Beginning teachers are also required to participate in a two-year FCSS Teacher Induction program.

This table displays the number of school days dedicated to staff development and continuous improvement.
